About Us

Be Beauty® is an up-and-coming beauty company that was established in 2018. It is headquartered in Los Angeles and has locations in San Francisco and New York City. Be Beauty is currently in the process of opening a location in Paris, France and becoming an international company. Be Beauty prides itself on being a beauty company that creates all-natural products and does not test on animals. This is the main reason why Be Beauty's audience chooses their products—they know that Be Beauty will create high-quality products while also using only the best, most natural ingredients.
